Winter 2015 - 2016

NIKHOLIS PLANCK

8 JAN — 22 FEB / NEW YORK

Employing recurring motifs, surface distractions and a daydream palette of bruised flesh tones, Nikholis Planck's waxy canvases lay bare the formal concerns of paint application. A solo exhibition held at the Rachel Uffner Gallery in New York sees a continuation of the artist's work involving low-lying cast wax and 'stage' sculptures.
