fee's LIST (through 6/1)

\* Bjarne Melgaard "The Synthetic Slut"  
@ [Greene Naftali](#) / 508 W 26th St 8th  
Fl. Caution, dear reader, if you've  
never experienced a Melgaard  
installation, and 'experience' is the  
apropos word here. We talk about  
'experiencing' art; well that's precisely  
the thing when diving into the gritty,  
paint-soaked, malodorous, dark realm  
of his oeuvre. His show at Greene  
Naftali, inundated w/ images of  
Serbian-set atrocities and hard-porn  
sex, w/ a liberal dousing of squeezed  
paint, violent pickup lines and detritus  
everywhere, will linger under your skin  
long after you take the lift back down  
from this shocker.
